

Landscape Maintenance Operations Supervisor

Kenlee Group, LLC, is a professional Horticultural and Landscape Architecture organization dedicated to creating premier properties and building lasting relationships throughout the DFW Metroplex. We are seeking a talented Landscape Maintenance Operations Supervisor to be responsible for all aspects of maintenance crew supervision and job productivity for a portfolio of premier commercial properties in the Dallas/Fort Worth area.

This position will assist the Senior Operations Manager in overseeing and coordinating all production activities within the Maintenance division to include, but not limited to: enhancement, mowing, horticulture services, turf and ornamental care, and small plantings or construction work. This position is responsible for crew productivity, job costs and overall quality of work performed by the crews. The ideal candidate will have strong leadership and organizational skills with an ambition to take our team to new heights of client satisfaction and project execution.

Responsibilities:

- Managing/motivating 10-12 Landscape Maintenance Crews
- Scheduling maintenance crews and job completion
- Understanding and implementing planting & plans.
- Working with a variety of landscape equipment.
- Professionalism in all aspects of the business in and out of the field.
- Communicate directly with clients when needed to ensure satisfaction

Requirements:

- Bachelor's Degree in Horticulture or a related major strongly preferred.
- Bilingual (English and Spanish) strongly preferred.
- Strong understanding of green industry trends and practices.
- Valid driver's license, clean driving record, and ability to be insured by company insurance carriers.
- Valid pesticide applicator's license or ability to obtain within one year of employment.
- Knowledgeable of landscape materials, installation and maintenance techniques, and equipment operation.
- Proficient in Microsoft Word, Microsoft Excel, and email.
- Able to communicate clearly and effectively with clients, field crews, and management team.

Compensation:

Supervisor \$38 - 40K

Negotiable depending on previous experience.

We do have a medical plan
