

Position Available: Production Team Advisor

Company

- Schreiber Foods has grown from a single production facility in Green Bay, Wis., to a \$5 billion global enterprise and the world's largest employee owned dairy company.
- We offer a complete line of dairy products to meet the diverse and ever-changing needs of our customers. As the world's largest employee owned dairy company, we've got to provide depth and variety. Our customers range from full service restaurants, fast food chains, schools and hospitals to grocery stores, club stores, wholesalers and food manufacturers.

In fact, we're:

- The **leading supplier of store-brand cheese** to the grocery industry
- The **largest supplier of process cheese** to the foodservice industry

Culture

- It's never been just about the money. Our founders believed we'd prosper if we put people first. When they started the company, they said our best chance to be successful was to hire the best people, train them well and treat them fairly. It's a philosophy we still live by today. We're about building meaningful relationships with each other, with our customers and with our communities.
- We're successful because we live our values of ownership, caring, partnership, continuous improvement and commitment to our customers each and every day.
- We call ourselves partners – not employees – and with good reason. It's much more than just a job. We're all in this together. It's a partnership. We're family, and we deliver on the promises we make. Everyone takes responsibility to grow and is always looking for ways to get better.

Total Compensation

- Extra income. Our base pay stacks up well against other companies, and our incentive program is what really sets us apart. You'll have the chance to earn additional pay every quarter through one of our pay-for-performance incentive plans.
- Great benefits. We care about your health and want you to be able to live life to the fullest. That's why we offer paid vacations and holidays, and competitive health care benefits – including medical, dental, vision and life insurance.
- Secure future. Our 401(k) plan works hand in hand with the Employee Stock Ownership Plan (ESOP) to help set you up for retirement. Our 8% 401(k) company match and profit sharing program is better than 90 percent of all U.S. companies. These generous plans distribute Schreiber stock in your ESOP account – a benefit you can only get from a very small percentage of companies.

Role/Team Spotlight

In this role, you're a leader from the moment you walk in the door. It's your job to supervise a team, manage and meet daily goals and use your educational and leadership background to improve processes on the production floor.

Duties of this role include:

- Leading a team of partners to meet or exceed daily goals
- Coaching, providing feedback to and resolving conflicts among team members
- Identifying customer requirements and communicating them to your team
- Collaborating to improve productivity and increase efficiency
- Identifying and resolving process issues as they arise
